LOSES THE WATER RIGHTS

WAIHAWA TO HAVE NO RESERVE IN FORESTS.

Government Decides to Give Lease to Waihawa, Provided California Colonists are Protected.

The most important thing done by the Executive this morning was a practical decision to give to the Waihawa Agricultural Company the water rights in the forests above Waihawa, as against a deal with the promoters of the Waihawa Sugar Company.

It now appears, however, that the days ago John Emmelhuth and Dr. A. E. Nichols applied to Governor Dole for a lease of the rights. One of the conditions of the deal was to be that the Waihawa company would fence and protect the forest so as to conserve the water. It was argued that this would result in a great increase of the surplus water, probably giving enough for all purposes.

It now appears, however, that the Government had previously received applications from the Waihawa Agricultural Company and from the California colonists at Waihawa for the same rights. Taken all in all the propositions were equally good. Moreover, the Waihawa offered, in consideration of the rights, to supply what water might be required by the truck farmers at reasonable rates. It is the special desire of the Executive to protect the colony of small agriculturists, and for that reason this latter feature of the proposal had great weight.

In considering the matter this morning every detail of each proposal was carefully gone into. The Waihawa company did not say at what figure it would supply water to Waihawa, so that final action could not be taken; but it was decided that if the supply furnished was abundant and the charge reasonable the company should have the rights.

It is understood that the failure to get the water will not cripple the Waihawa Sugar Company, as it now has an immense supply which is capable of further development. With the Waihawa water, however, the supply would have been practically unlimited.

No action was taken on anything, except a final vote on the decision of last Friday to grant no more liquor licenses in the town of Hilo. Several members of the Council were absent from the meeting.

MRS. CAMPTON DEAD.
Mrs. Fannie Campton, wife of George Campton died this morning aged 68 years. The funeral will be held Thursday at 2 o'clock. The interment will be at Nuanu cemetery.

TRANSPORTS WILL STOP HERE.

SAN FRANCISCO, August 25.—Orders have been received at army headquarters directing that the transports proceed in future straight to Manila without stopping at Nagasaki and awaiting orders there, as they have been doing since the trouble in China. They will sail on the 1st and 15th of each month, all going to Manila, via Honolulu, and those sailing on the 1st of the month going via Guam also. The Siege Battery O, Seventh Artillery, will be retained in this department, where it will be readily available if it is needed. All the other troops now under orders to sail will go on to Manila. It was the intention of the War Department to send these troops to the Philippines any way, even if there had been no disturbance in China. They will replace the volunteers, which will be slowly brought home between now and next summer, the first regiments being recalled in the coming fall and winter.

The Hancock, taking the battalion of the Third Artillery from the harbor, was the last transport to go straight through to China; the Meade, which succeeded her, had her orders countermanded.

DILLINGHAM SUE FIRST

PRECEDENCE IN SQUABBLE OVER HOLT LEASE.

Decree Filed by Judge Humphreys today—Liliuokalani Answers C. B. Wilson—Some estate matters.

In the case of Waihawa Sugar Company vs. Waihawa Agricultural Company, ejectment, Judge Humphreys this morning signed a decree sustaining defendant's plea in abatement and ordered that proceedings stop until the question of the title to the Holt lands is settled. Plaintiff sued for the lands mentioned claiming to have a lease and stating that the property was being held by the defendant. Defendant answered that the land was incorporated into the Waihawa estate under a lease, and that B. F. Dillingham was now suing the Holt to establish his right to this lease. The plea in abatement asked that the Waihawa suit be not allowed to proceed until the other case was determined.

In the case of C. B. Wilson vs. Liliuokalani Dominis defendant has filed an answer denying all of the allegations put forward. In addition she denies that Wilson has in his possession any signed paper showing a conveyance of the property in question or that any ever existed.

Frank E. Thompson, master has filed a report on the accounts of J. A. Magoon administrator of the estate of the late Joseph Gomes, asking that the same be approved after an item of \$500 has been more fully explained.

J. M. Peschke has applied for letters of guardianship of the persons and property of his minor children.

In the matter of T. W. Rawlins vs. Maraea K. and William Harbottle, ejectment a decree will be filed today giving the plaintiff the land in Palama claimed by him.

A Chinese opium case is on before Judge Humphreys and a jury this afternoon.

Judge Stillman has gone to Hawaii. It is doubtful that he will be back before the end of the extended term.

HOGAN'S NARROW ESCAPE.

All Coon's Looked Alike to the New York Mob.

Ernest Hogan's narrow escape in the negro riots in New York is thus described by the New York Journal. The wild, uncontrollable passion of the mob was best shown on Broadway at 12:30 o'clock this morning, when that popular negro comedian and song writer, Ernest Hogan, was chased like a wild beast with a pack at his heels. The rioting was wholly unknown to Hogan, when he left the Cherry Blossom Grove, where he had been doing his turn as usual.

"All Coons Look Alike to Me" Mr. Hogan's own composition had been rendered, to the applause of a large audience. Hogan fashionably dressed, stood on the curb, twirling his cane. A cry came from Forty-fourth street and Eighth avenue, and a mob of five hundred men, armed with clubs and stones, surged over toward Broadway. Hogan was seen.

"Get the nigger," was the chorus. Hogan dropped his cane and darted down Broadway on a run. The mob followed and for the next three minutes it was a life and death race for Hogan. The rioting was wholly unknown to Hogan, when he left the Cherry Blossom Grove, where he had been doing his turn as usual.

Detective Madden, who ran up from Thirty-fifth street, stood at the door and with a drawn revolver kept the crowd back while Hogan was taken through to the Thirty-sixth street entrance and sent away in a cab.

THREATS TO GRAB CHINA

RUSSIA AND JAPAN SEEKING TO TAKE TERRITORY.

Latest News From Peking—Reported Defeat of Allies Discredited—Imperial Household Escaped to Interior.

LONDON, August 28.—Shanghai advices to the Daily News say that consular opinion there looks upon the Japanese action in the landing of troops at Amoy, despite the protests of the Consul, as similar to that of Russia at Nanchang, the whole indicating a tendency to a partition of the empire.

"Russian journals agree" says the Moscow correspondent of the Standard, that it is impossible to deal with China in the spirit of revenge, as suggested by Emperor William. They believe that methods less drastic can better accomplish the ends of Russia in Manchuria. The question would be satisfactorily settled to Russian minds by the seizure of the northern provinces.

A special from St. Petersburg quotes Emperor William, when writing in answer to the announcement that a Russian regiment had been named after him, as follows: "Express my good wishes today with all the greater joy since our Russian and German comrades after a long time, are fighting together again, shoulder to shoulder. According to an old and sacred tradition, victory will not be wanting."

PEKING, Aug. 21, via Taku Aug. 27.—Three Russian, two Japanese, one British and one American battalion searched the imperial park south of the city and about five miles out, for Boxers. No armed force was found, but only a single Chinese scout, who was killed. The Japanese are in possession of the imperial summer palace. The winter palace here is still closely guarded. The Russians wish to destroy it, but the Japanese wish to save it. A southward movement began today and will continue, but several detachments will remain to protect converts.

PARIS, August 28.—The Siecle publishes this morning the following from its special correspondent:

ST. PETERSBURG, Aug. 26.—I send you under all reserve the following statement: It is repeated here with persistence: The Government has received a dispatch informing it that after a terrible battle inside the walls of Peking the allies retired, losing 1800 men, mostly Russians. The Chinese occupy the city and are under close guard by the international authorities.

PEKING, Aug. 19 (via Taku, Aug. 24).—Armed Chinese are reported to the southward and westward. A well-armed force has been located by the Bengali Lancers in a village four miles to the southwest. It is believed that the best Chinese leaders are in command. Detachments of the allied forces were out today reconnoitering and looting. The imperial city and the forbidden city are under close guard by the international authorities.

This morning a thanksgiving service was attended by the members of the British and American legations, the missionaries and the marines.

LONDON, Aug. 27, 4 A. M.—The latest news from Peking indicates that the situation there is unchanged. The imperial city is still invested, but has not yet been occupied. The allies, when the last message left, were still refraining from aggressive action, pending instructions from their governments.

An attack from 30,000 Boxers was anticipated, and to meet this the whole American force and the British artillery, according to a dispatch to the Morning Post from Peking, dated August 18th, was moved to the outer city wall. The Boxers were reported coming from the south.

WASHINGTON, Aug. 26.—Late in the day a dispatch from the Foreign Office of Japan conveying the latest and most authentic information of the situation in and around Peking. In a measure the advices were of a disquieting nature, as they were believed to indicate that the Japanese forces were preparing for an attack upon the allies in Peking. As made public by Minister Takahira, the dispatch from the Japanese Foreign Office at Tokio is as follows:

"A dispatch, telegram, dated Peking, August 18th, was received at Tokio from General Yamaguchi, commander of the Japanese forces, to the following effect: The capital is now entirely cleared of the enemy. A cavalry regiment which had been sent to Wan Shau Shan (where the Empress Dowager's palace is located) reports that the imperial family, who had left Peking August 17th, started, after a short rest, were under escort of General Ma and his troops, consisting of only about 500 horsemen and twenty carts. The Japanese forces occupied the Treasury Department, in which over 2,000,000 taels in silver and a large quantity of rice were found."

"Another telegraphic dispatch, dated Taku, August 23d, states that as the Chinese troops and Boxers who had gathered at Nan Yuen were about to attack the foreign legations, four Peking Japanese and Russian cavalry were expected to encounter them on the 20th. The dispatch further states that Chinese infantry, some 9000 strong, with fifteen guns, are advancing forward from Shantung to make a rear attack on the allies."

A copy of the dispatch was transmitted to Acting Secretary Adee at the Department of State and by him furnished to the President. While the news of a possible rear attack upon the comparatively small force of the allies was not received with surprise, generally was not regarded as serious, as the foreign forces are believed to be abundantly able to take care of themselves against any force of Chinese likely to be sent against them.

KAHIKU LANDS LEASE

ENOS' BARGAIN FOR 25,000 ACRES.

One of the Largest Tracts Ever Leased by the Government—Is Pasture Land—Protest Thrown Out.

A lease of an extensive tract of government land was made last Saturday for a term of five years. The land in question consists of 25,000 acres and is located on the south side of Haleakala mountain, in the district of Kahikulu, Maui. A. Enos and company secured the lease, agreeing to pay a rental \$3000 yearly.

This is quite a large amount to pay for a lease of land but the tract is considered about the best grazing land that can be found. Enos and Company have extensive herds of cattle numbering probably 3,000 head. The particular tract has been held under lease by Enos for the last fifteen years, and no doubt on account of their herders being familiar with the land as well as the knowledge that it is about the biggest tract available, the lessees decided that the increase in price was not too exorbitant.

The land extends from the sea to the top of the mountain and although it is of the roughest description and apparently worthless it is especially good for fattening cattle. A sweet grass grows about the rocks and is one of the best kinds of feed obtainable. The government has retained the right to take any land in the district which might prove available for agricultural purposes.

Enos owns the tracts of land on the east and west of the Kahikulu lands and the whole is one vast pasture. Corvett's pasture lands are west of the tract. The piece on the extreme east may be good for agricultural purposes some day, but nearly all of the balance is high and stony.

The government received from the Olan American Settlers' Protective Association a protest against the leasing of this land to anybody, intimating that they desired it to be opened for homesteading and that it would be taken up. It was the opinion of the land department, however, that the tract was not suitable for homesteading, and that the best to be done was to lease it again for stock raising purposes.

ISLAND OR BY DISTRICT

QUESTION JUST NOW PRETTING REPUBLICANS.

Is In Regard to Voting for Senators—Factional Standing Sharpened Interest—Chairman Smith Talks.

The question whether the six Senators awarded to Oahu should be nominated and balloted upon by the two districts of the island together or by each separately is exciting a great deal of interest among Republicans. The congressional apportionment is made to the island. There need not then be any district at all so far as the selection of candidates are concerned.

Some factional feeling has brought the matter up in a stronger light and given it the air of enlarged importance. It appears that if the voting is by the island, the district of the elements will be able to control in one district and rule a considerable following in the other. At the same time the "other crowd" fears that unless the voting is by districts they will not be able to get equal representation in the legislature.

George W. Smith, chairman of the party, was quoted as saying that he was in favor of voting by districts, but he has denied that. He admits, however, that it has been suggested and urged by certain party leaders. Continuing he said:

"The fact is that by the Territorial Act Oahu is apportioned six Senators and every voter is entitled to vote for that many. It is only right that every voter should have a hand in nominating all of the six for whom he will cast his ballot. However the plan of each district selecting three in a joint caucus has been discussed. If the Fifth District had not three available men it might come over into the Fourth where there is perhaps more timber suitable."

MAY COME HERE.

SAN FRANCISCO, August 27.—Orders have been received suspending the sailing of Siege Battery O, Seventh Artillery. They were to have gone on the Belgian King early next week, but the present moment makes their presence unnecessary, and they will be retained here until further orders. Of course it is possible that they will be wanted in China, after all, and there is some fear of sending them to Honolulu, where they could be of service in releasing some of the troops now on duty there, and where they would be easily available to go to China or the Philippines at short notice. They are of no particular value in the Department of California.

LANAI SOLD.

The transfer of a part of the Haysden property on Lanai to Mr. Kunst, the German capitalist, has practically been consummated. After all debts are paid the Haysdens will get about \$30,000 out of it. In Judge Humphreys' court this morning argument was heard on the matter of whether the vendor or vendee should pay for the stamps. The decision was that the vendor, Cecil Brown, representing the Haysdens, should pay. Exceptions were noted.

OUR MEN TO STAY IN CHINA

GENERAL CHAFFEE PREPARING WINTER QUARTERS.

Admirals Will Hold Li Hung Chang—He Wants Prince Tuan Arrested to Aid Peace Negotiations.

TIEN TSIN, August 24.—via Taku, August 27.—Officers who have arrived here from Peking report that General Chaffee, commanding the American forces in China, is making all the necessary preparations to maintain 15,000 men through the winter.

Fifteen of the American wounded, including the marines wounded during the siege of the legations, have arrived here by boat from Peking.

Myers (possibly Captain Myers of the United States Marine Corps) is suffering from typhoid fever and cannot be moved.

A large batch of refugees are due here tomorrow. The American Signal Service Corps, co-operating with those of the British, has completed the telegraph line into Peking and to Taku. The commissary department is preparing to establish an extensive winter base at Tong-ku.

Lieutenant Waldron of the Ninth United States Infantry received a serious sniping wound while patrolling at Hoo Se Woo. The Russians, Germans and Japanese are constantly pushing troops on to Peking.

LONDON, August 25.—3:40 a. m.—That the inexplicable delay in forwarding telegrams from the Chinese capital still continues is illustrated by the fact that the latest dispatch from Peking, the telegram describing the search for Boxers in the imperial park, is dated no later than August 21st.

There is no confirmation from any source of the report of an advance toward the north from Peking. On the contrary, a movement southward to clear the country and to insure free communication with Taku is apparently in progress. The powers as late as August 21st were still unable to agree as to how to deal with Peking itself. The Japanese and Russians being at variance as to whether the imperial palace should be destroyed.

Nor is there any further news of the alleged detention of Li Hung Chang by the admirals. The probabilities increase that all the members of the imperial household have gotten safely to the interior.

A Reuter dispatch dated Peking, August 15th, and sent by post to Shanghai, describes scenes of appalling desolation and wanton destruction in Legation Street. All the houses of foreigners were riddled with shells, burned or blown up. An attempt was made to mine the American Legation. A shaft was sunk from the top of the wall fifteen feet and was continued as a tunnel with a sharp slope in the direction of the Legation. Apparently the Chinese did not have time to finish it.

The Siecle's report of a defeat suffered by the allies at Peking is everywhere discredited.

The Chinese Legation in St. Petersburg has received news that peace negotiations have already begun.

The Peking correspondent of the Daily News, in a dispatch dated on August 27th, asserts that there are thousands of instances going to show that the Boxers were appointed by the imperial officers in their indescribable ferocity.

SHANGHAI, Aug. 26.—Local mandarins received a telegram from Pao-fing-Fu stating that the allied powers have taken the district west of Peking. Li Hung Chang sent a telegram today to the Empress at Sian-Fu requesting her to arrest Prince Tuan of the army in order to give him an opening to negotiate with the powers.

PARIS, Aug. 28.—Admiral Courbasson, the French commander in Chinese waters, has cabled to the Navy Department here that a council of the admirals has notified the foreign legations at Peking that it has been decided to hold Li Hung Chang on board ship until the opening of negotiations between the powers and China.

LONDON, Aug. 28, 3:50 a. m.—The allies, resuming aggressive operations, have taken the district west of Peking. This statement, based on Chinese authority, is cabled from Shanghai. The same place comes the further statement that Li Hung Chang has wired the Empress Dowager at Sian-Fu requesting the arrest of Prince Tuan and the disarmament of the Boxers in order to give him an opening for negotiations with the powers.

The illuminations projected at Shanghai in celebration of the relief of Peking have been abandoned, lest they should cause a native outbreak.

"Evidence has been received here," says the Shanghai correspondent of the Standard, "going to show that General Lung Wu was the real author of the anti-foreign outbreak, the Empress Dowager, Prince Tuan and the others all having been persuaded by him to take an extreme attitude, while he stood aside and waited developments."

American refugee missionaries in Amoy, according to the Hong Kong correspondent of the Daily Mail, are anxious to return to the interior, but the United States has forbidden them to do so, and urges them to go to the Philippines or to return to America.

ORPHEUM CAFE AND ALMY

ARRESTS FOR SELLING LIQUOR ON SUNDAY.

Mitchell Chapman and the Waikiki Inn Man are Both Taken Into Custody—Trial This Afternoon.

The Orpheum cafe was visited on Sunday evening by the police as a first step in another campaign against illicit liquor-selling. Officer Hanrahan stood round the place for nearly an hour and says he saw drinks being handed out without much ceremony, to customers of the place. As a result Mitchell Chapman was arrested last night on a warrant accusing him of selling liquor on Sunday.

Beer and whisky is alleged to have been served quite freely at the Orpheum cafe on Sunday evening, without the buyers even being required to take seats and seem to be "guests."

When the case was called in the police court this morning Attorney McLannahan appeared for the defense and obtained a postponement till 2 o'clock.

H. N. Almy of Waikiki Inn was also arrested last night. He is also alleged to have sold liquor on Sunday to people who were not "guests" of his place. His case comes up on tomorrow afternoon.

It is understood that both the defendants intend to fight on law points. The police claim to have abundant evidence, having summoned many witnesses, to show that drinks were sold, but the defendants have in past years on which they are relying for appeals.

Attorney McLannahan has for one point his famous contention that Congress has repealed all the license laws and thrown the town wide open. In the Waikiki case there is likely to be a fine opportunity for the lawyers to split hairs over the definition of "guests."

CUT THE WATER PIPE.

Wahinehou's Way of Getting Her Share at Palama.

Wahinehou, a tenant of the Bishop estate at Palama, was tried before Judge Wilcox this morning for malicious injury, because she took a pickaxe and broke a water pipe on the estate, diverting water from Koleka Kahala, who preferred the charge. It was developed that both women thought they had a right to the water, and Wahinehou had used the pick to get her share. Judge Wilcox decided that there was no malicious injury and the women will have to find another way of settling the water question.

The pipe that was cut is one that takes water to the tenants from a meahameha school. It was laid during the cholera epidemic, when many cases came from Palama and the reason for this was held to be lack of a proper water supply.
